Summary

I have **3 years** of experience in developing **Front-end** applications with **Reactjs, Nextjs,** and **Vuejs**. I was proficient in **HTML**, **CSS**, **JavaScript**, and **TypeScript** to implement landing pages and web applications. I have experience in **Nodejs** with **MongoDB** and **GraphQL** for **Back-end** development. Researching and trying other technical support for development is my favorite. I want to become a Technical Lead or higher.

Technical Skill

Programming: JavaScript, TypeScript, SQL, NoSQL, HTML, CSS.
Framework: Nextjs, Nestjs, Feathersjs, Vuejs, Nodejs.
Library: Reactjs, Tailwind, Bootstrap, Ant Design, Material UI, Redux Js, Element UI, Jest, GraphQL.
Knowledge: Ubuntu, Linux, AWS, CI/CD, Git.
Language: English B1.
Soft skills: Public speaking, research, problem-solving, teamwork

Education

Graduated with very good at Cao Thang Technical College (09/2018 - 12/2021)
